

CEMA – Classification Study

Section 2.7 – Classification Study

With the exception of calendar year 2020, workers may request a classification study during the month of March, or such time as designated by the Director of Personnel, but in any event no less than one (1) month per calendar year. Requests shall be submitted to ESA-Human Resources (ESA-HR) on the authorized online request form.

A Committee, made up of representatives from ESA-HR and the Union, will meet annually one (1) month after the close of the window, to determine which submitted requests will be accepted for study, which requests will be placed in a deferred status, and which requests will be denied. The Committee will base their consideration on a number of factors, which may include classification levels, compaction, recruitment or retention difficulties, fiscal impact, and new responsibilities assigned but not covered on existing job specifications. The Committee will finalize the list and the scope of each study (i.e. full classification study, job specification revision, salary review, etc.) within three (3) months after the first meeting.

The maximum number of requests accepted by the committee for study shall be capped at thirty (30) per year, but upon completion of the accepted studies, ESA-HR may continue to work studies in the deferred status. Requests in the deferred status not initiated for study by ESA-HR before the next window may be considered by the committee without requiring a new request, however, an updated PCQ and job application may be requested. If the request is incomplete, ESA-HR will notify the worker to complete the request, along with a due date for completing the request.

ESA-HR will notify workers of the status of their request (i.e. accepted, deferred, or denied) and the scope where appropriate. Workers who are under study shall not be permitted to submit a request. Workers whose classification study was denied shall not be permitted to request another classification study until one additional window has passed.

If the study is denied, the worker may appeal to the Director of Personnel. The appeal shall be submitted in writing within ten (10) working days of the receipt of the denial. The Director of Personnel shall determine the procedure of the appeal. The Director shall provide the Union with the list of the appeal decisions. The Director will provide a list of accepted studies, including those accepted on appeal, and the expected completion date.

If ESA-HR determines some assigned duties fall outside of the worker's classification, ESA-HR will notify the appointing authority to remove such duties within ten (10) working days of that determination. Any duties performed at a higher-level while receiving work-out-of-class pay will not be considered.

If a study is accepted or approved on appeal, the completed study shall be posted to the Union no later than 12 months after the date of acceptance or favorable appeal determination, unless otherwise agreed to by both parties.

If it is recommended that the worker be reclassified, all Merit System Rules that apply to regular classification studies, such as test requirements, meeting the employment standards, serving a new probation period, etc. shall apply.
